

Construction Project Manager

Plan. Manage. Execute.

Cutting Edge Homes (CEH) will be inviting an effective Construction Project Manager who is a critical thinker and problem solver to join our team who can plan, manage, and execute significant projects while cultivating CEH's reputation as a premier builder in the high-end residential market. From initial design meeting to punch list, the Project Manager will work closely with homeowners, designers, and architects while directing all aspects of high-end residential projects.

As the Project Manager you will be responsible for:

- Multi tasking and managing multiple projects seamlessly
- Analyze plans and foresee potential adjustments
- Presenting project costs, budgets and projections to CEH executive team
- Developing and managing multiple project budgets and schedules
- Developing and defining the scope of work for field management and Assistant Project Manager
- Permitting and regulatory requirements
- Managing jobsite communication and safety
- Customer relationships and project quality

You may be the Project Manager that we are looking for if you:

- Have three to five years of demonstrated management experience in high-end residential construction with a thorough knowledge of the building trades including millwork and renovation
- Are able to develop effective relationships with customers, designers, architects and subcontractors
- Have the leadership to bring projects in on time and at budget
- Are committed to meeting CEH's exacting standards of quality and customer satisfaction
- Enjoy working in an exciting, energetic, and entrepreneurial environment
- Want to join a world class team, where your contributions are recognized and you receive an excellent salary and benefits package

If you are committed to excellence and complete customer satisfaction and are ready to take your skills to the next level, this may be your opportunity. To be considered for this position, please submit a cover letter and resume.
